Unlock the New State Standards
What is RapidResponse?

RapidResponse is a premiere Formative Assessments collection written specifically to inform and support classroom instruction and the re-teaching loop. Teachers quickly administer ready testlets targeted at one single state standard at a time at ongoing intervals throughout the school year. Each six-item assessment provides meaningful and timely feedback on class and individual student understanding. Teachers also have the flexibility to develop their own custom tests using the RapidResponse unique and high-quality test items.

As demanded by the new state standards, count on RapidResponse to fully address the range of Depth of Knowledge and cognitive levels necessary, as well as the new standards rigor.
